

Dear Parent/Guardian,

Whether your student is being educated via remote learning 5 days a week or through the hybrid model, the cafeteria can still provide breakfast & lunch for your student. All families may participate, if you are reduced or full pay status, meals will be charged through the point of sale system for the days that meals are requested.

If you would like your child to receive a breakfast & lunch bagged meal for the days that they will not physically be in the building, please contact the food service department immediately so that we can set that up for them. They will receive the bagged meals (breakfast & lunch) at the end of the day prior to leaving. Meals will be sent home each day they are in school for the day that they are not in attendance. It will be very important that we know if they are Gold or Burgundy group.

Menu items will be rotated on a daily basis. The meal will provide all 5 components of a reimbursable meal (Grain, Fruit, Vegetable, Protein, & Dairy).

Please fill out the form below and return to the cafeteria immediately so we are able document the requires for your student and ensure they are on the list for remote meals. If anything changes, please contact me so we may remove them from the list.

****Hybrid**** Packed meals will be delivered to the classroom at the end of the school day for student's that opt in to receive them.

****100% Remote**** If your student is doing remote learning 5 days a week, pick up days will be every Thursday from 12:00-1:00pm in the elementary foyer area (before you enter the office) with the student's name marked on the bags. If you cannot make it that day, please contact me IMMEDIATELY so we know not to pack meals for your student for that pick up day & if you will be coming on the next assigned pick up day.

*The lunch account will be charged each day for the meal they are taking home, if you are a reduced or full price status then you will need to make sure your students lunch account has funds to support this service.

At this time, if you sign your student up to receive meals on remote days they will be prepared for them every week unless you contact me to stop them completely. I cannot do rotating weeks, or only certain days. If your student is signed up for this remote learning meal program they will have bagged meals prepared for them every week until I'm notified otherwise to discontinue, meaning their lunch account will also be getting charged for every meal they are taking home. Again, it does NOT matter your student's lunch status (free, reduced, full pay), the remote learning meal program is available to everyone K-12.

IMPORTANT: I will get a roster from the building offices every day to know if your child is absent that day. If they are absent, we will NOT be packing them a remote meal for the following day since they won't be here to pick it up at the end of the school day.

Kaitlyn Pierce, South Range Schools Food Service Director

Office Phone: (330) 549-4070

Email: Kpierce@southerange.org

*Please return below portion if interested in the to-go meal service.
